Introduction

L'objet que vous tenez entre les mains est unique.
Unique, car à l'heure des réseaux sociaux, 27 photographes, adhérents au Photo Club de Saint-Renan, ont voulu donner corps à leurs images sur papier.
Unique, car chaque photographe présente les photos qui lui tiennent à cœur, en toute liberté.
En feuilletant ce livre, vous allez voyager, admirer, vous interroger et nous espérons éprouver des émotions.

Henri Cartier-Bresson a dit :
« Photographier, c'est mettre sur la même ligne de mire la tête, l'œil et le cœur », les 27 photographes qui contribuent à ce livre, démontrent à travers leurs photographies le sens de cette citation.

Belle lecture d'images.
